

HALE ENCOUNTERS MUCH OPPOSITION

DRIVING THE ENEMY WITH HEAVY LOSSES

Casualties Were Six Killed and Five Wounded—Davidson Has Now Invested Calumpit, Which Will Be Taken Today—Lawton Meets No Opposition Since Leaving Novaliches

Washington, April 25.—[Special]—The following was received from Gen. Otis this morning: "Hale's brigade moved down the right bank of Quigua river yesterday to the vicinity of Calumpit. He is now joined by Wheaton's brigade on the left bank. Hale encountered fierce opposition in driving the enemy with a heavy loss taking intrenchments in flank. Hale's casualties were six killed and five wounded. Davidson has now invested Calumpit, which will be taken today. Lawton, with a part of his command, reaches Novaliches this evening, where he will be joined by the center column from Bocu. The extreme heat, rain, high streams and bad roads made the march very difficult. He has not met with opposition since leaving Novaliches. The enemy is retreating in front. South and near Manila the enemy has a force of four thousand, making demonstrations daily. They can easily be taken care of. If they cannot, we will communicate with the north. Ours."

Most Severe Fighting at Pullana. Manila, April 25.—[Special]—General Hale lost six men and a dozen were wounded during his advance on Calumpit yesterday. The most severe fighting was at Pullana, where a large force of the enemy were entrenched.

The American troops charged with their usual intrepidity, the South Dakota volunteers leading.

The Filipinos were routed with great loss, but six of the South Dakota boys gave up their lives, while nine others were wounded.

A Spanish officer was found among the enemy's dead. The Americans found nearly two hundred dead natives. More than three hundred prisoners were taken during the day's march. The troops advanced to attack Calumpit this morning.

List of Casualties. Washington, April 25.—[Special]—General Otis this morning cabled the list of casualties in Sunday's battle. Five were killed and forty two wounded.

Manila, April 25.—The advance of the American forces on Calumpit began this morning. Gen. Hale's brigade crossed the river at Quigua and moved down the bank of the river toward Calumpit.

Many rebels were driven from in front of the American line. Fifty of the rebels were killed, while the American loss was only one killed.

Gen. MacArthur, with Wheaton's brigade and an armed train, is waiting at Malolos for the completion of Hale's movement. He will then advance on Calumpit, and is expected to move any moment.

Malolos will be evacuated, only the railway station being held by the American forces. Many natives are returning there. All professed to be non-combatants.

The army gunboats, being unable to ascend the river to co-operate in the movement on Calumpit, have returned to Manila.

It is expected that a decisive engagement will follow the attack upon the native garrison, as the Filipinos are so hemmed in that flight will be next to impossible.

Every man in the United States force is eager for battle, the events of the last few days making them more than ever determined to deal the natives a crushing blow.

The information, that Aguinaldo, Gen. Luna, second in command, and a large part of the best warriors of the Filipino army are in Calumpit adds zest to the campaign now on.

Gen. Luna's Plan of Campaign. Washington, April 25.—Gen. Otis reported no new movement Monday, but it is understood at the war department that he has started a general movement north, with the purpose of clearing the rebels out of that part of Luzon through which runs the railroad, and of showing the strength of the American army in those populous provinces between Manila and Malolos and east of Manila.

Aguinaldo Wants Heavy Ransom. Washington, April 25.—Private dispatches from Hongkong say that Aguinaldo has notified his representative, Agoncillo, in Paris, that if Spain wants to secure the release of the prisoners held by the insurgents it must pay the insurgent representatives in Europe ten millions, or one-half of the money to be received from the United States. Spain is to have only a short time in which to make a decision and is given to understand that non-compliance with the rebel demands will mean that revenge will be taken on the helpless prisoners. Aguinaldo, the dispatch says, claims that Spain by refusing to ransom its prisoners will forfeit all right to demand them in future and he will consider them as slaves.

Germany Needs American Meat. Berlin, April 25.—The Norddeutsche Allgemeine Zeitung prints a semi-official article strongly deprecating the attacks on the agrarians on the government's meat-inspection bill. The Zeitung declares that Germany cannot get along without foreign meats; that the value of German meat imports in a few years has increased from 14,000,000 marks to 39,000,000 marks (\$16,422,000), and that the empire's consumption of meat is far outrunning its production of cattle.

Boomers Westward Bound. Guthrie, Ok., April 25.—A colony of 300 people left today from Roger Mills county for the Ute reservation in Colorado, which will be opened for settlement. "Buffalo" Jones, the original boomer, leads the party. Last week Capt. S. Webber and a company left Yukon, Ok., for the same place.

County Superintendent David Thorne will conduct an institute for prospective teachers on Friday and Saturday of this week, April 28th and 29th, at the High school building. Examinations will be given in all branches and the successful applicants will be entitled to county certificates.

Sixteen of the High school pupils have signified their intention of competing.

SECRET SERVICE BUSILY ENGAGED

PREPARING FOR PROSECUTION OF COUNTERFEITERS.

Arrested For Alleged Complicity in the Most Gigantic Scheme The Treasury Department Has Ever Unearthed—Conspiracy Originated Five Years Ago—Leaders Caught in Trap.

Philadelphia, April 25.—[Special]—The secret service is now busily engaged in preparing for the prosecution of the men arrested for alleged complicity in the most gigantic counterfeiting scheme that the treasury department has ever unearthed.

According to the evidence which they claim they have secured, the conspiracy was originated five years ago by William Jacobs, a Lancaster, Pa., cigar maker.

Millions of internal revenue stamps for use on cigar boxes, are said to have been made, and then, it is said, that Jacobs conceived the idea of counterfeiting silver certificates. He was successful in this until he became too bold, and attempted to secure the services of the sub-treasury and secret service officials in passing the counterfeit on the government.

The scheme might have succeeded but for an honest secret service agent who laid a trap for the alleged conspirators and captured them.

The plant was raided and paper, plates and thousands of dollars worth of counterfeit revenue stamps and money was seized.

Some of the prisoners have confessed. Thousands of boxes of cigars, on which counterfeit stamps were used, have been seized in all parts of the country.

CALLS ON PRESIDENT

Governor Lind, of Minnesota, Asks That Volunteers Be Mustered Out of Service.

Washington, April 25.—[Special]—Governor Lind of Minnesota, called on the president today and asked that the Minnesota volunteers in the Philippines be mustered out immediately. He was referred to the war department, but received little encouragement there.

FORECAST OF WEATHER

Chicago, April 25.—[Special]—Forecast for Wisconsin:

Generally fair tonight and Tuesday.

MORE MONEY FOR SCHOOLS

City Will Be Called On For a Larger Appropriation This Year.

There will be need of a larger school appropriation for the next fiscal year. This is due to the shrinkage of the allowance from state and county funds.

Said Superintendent Clemens today: "In 1894 Janesville schools received from state and county taxes \$11,900. The payments have grown smaller year by year and last year we got only \$8,400. The date of the state payment has also been deferred six months and this puts the county payment into another year. To all intents and purposes we lose one year's appropriation entirely."

Attempt to Blow Up Trains. St. Joseph, Mo., April 25.—Two attempts were made to destroy Burlington trains with dynamite near Nodaway; a small station between St. Joseph and the Iowa line Monday morning. Sticks of dynamite were laid on the track, and the Denver flyer was given a shock at 4 o'clock that broke all the windows in the coaches. The Omaha express had a similar but more severe shock ten minutes later. Burlington officials went to Nodaway on a special train three hours later. There is nothing to indicate robbery was the motive.

Germany Needs American Meat. Berlin, April 25.—The Norddeutsche Allgemeine Zeitung prints a semi-official article strongly deprecating the attacks on the agrarians on the government's meat-inspection bill. The Zeitung declares that Germany cannot get along without foreign meats; that the value of German meat imports in a few years has increased from 14,000,000 marks to 39,000,000 marks (\$16,422,000), and that the empire's consumption of meat is far outrunning its production of cattle.

Boomers Westward Bound. Guthrie, Ok., April 25.—A colony of 300 people left today from Roger Mills county for the Ute reservation in Colorado, which will be opened for settlement. "Buffalo" Jones, the original boomer, leads the party. Last week Capt. S. Webber and a company left Yukon, Ok., for the same place.

J. I. CASE COMPANY OUT OF THE TRUST

HAS NOT BEEN ASKED TO BE A MEMBER.

August Norden, of Sturgeon Bay, Will Lose His Sight as Result of Explosion—Porter Ross Charged With Killing Wife's Sister in Kaukauna—State News.

Racine, April 25.—Reports having been published that the J. I. Case Threshing Machine company of this city, was to be swallowed up by a big trust, including all of the farm machinery, factories of the United States, is emphatically denied by Frederick Robinson, vice president of the company. Mr. Robinson said: "You can state that the report is absolutely false. This company has not been asked to enter a trust. No person has made a proposition to purchase it, and it is not for sale. The published statement that the plant would go in at \$1,000,000 is absurd, and you can say that it cannot be bought for \$6,000,000. The company or its directors will not have a meeting to consider the sale of the plant, or to enter a trust. In conclusion, there is not the slightest truth in the matter so far as the Case Threshing Machine company is concerned."

Nearly Killed by Explosion. Sturgeon Bay, Wis., April 25.—August Norden came near losing his life by the explosion of dynamite, while engaged in blasting a cellar for the new M. E. church this afternoon. A hole had been made and charged, but on refusing to explode, Norden poured water in it and began drilling with a hand drill, not knowing that the concussion would explode the charge. When the drill reached the dynamite there was an explosion, and when Norden was picked up it was found one eye had been blown out and the other, it is thought, will be useless. The man is in a precarious condition.

Porter Ross on Trial. Appleton, Wis., April 25.—The trial of Porter Ross, who is charged with the murder of his wife's sister, Kate Duprey, at a Kaukauna disreputable resort two years ago, was begun in the circuit court today. A special venire of fifty jurors was summoned, and some time will be occupied in securing a jury as the case is one of the most sensational in the criminal history of the county.

Madison Jail Condemned. Madison, Wis., April 25.—Auxiliary Member George W. Taylor of the State Board of Control has condemned the Madison police station in his report to the board. The building was formerly a fire engine house and was converted to its present uses about twelve years ago. The location and condition of the cells are a reproach to the community.

Wisconsin Pensions Granted. Washington, April 25.—Restoration and Increase—John Clancey, National home, Milwaukee, \$8 to \$17. Increase—George Phelps, Janesville, \$8 to \$10; Albert J. Payne, Glenwood, \$8 to \$12; James E. Carter, Knapp, \$8 to \$12; Benjamin F. Gee, Wisconsin Veterans' home, Waupaca, \$8 to \$12; Walter Blakely, Bloom, \$8 to \$10. Reissue—Albert Hinkley, Eagle, \$6.

Attempted Suicide at Menomonee. Menomonee, Wis., April 25.—Valentine Bror, while temporarily insane last Thursday, took poison, it is said, with suicidal intent. He was a soldier of the rebellion and suffered a severe sunstroke which at times resulted in temporary insanity. He is in a fair way to recovery.

LEAVE FOR WESTERN HOME

Departure of Mr. and Mrs. C. W. Billings for Los Angeles.

Mr. and Mrs. C. W. Billings and children left this morning for their new home in Los Angeles, California. During their residence in this city both Mr. and Mrs. Billings have made many warm friends, who will be sorry to hear of their departure and will tender best wishes for years of happiness on the Pacific coast.

No Federal Aspect. Washington, April 25.—Attorney General Griggs, in speaking of the negro lynching near Newnan, Ga., Sunday, said the case had no federal aspect and that therefore the government would take no action whatever in regard to it.

Two Great Trusts Formed. Trenton, N. J., April 25.—The United States Worsteds company, with an authorized capital of \$70,000,000, and the American Plumbing Supply and Lead company, with an authorized capital of \$25,000,000, were incorporated at the office of the secretary of state.

REPORT ALL BILLS BY WEDNESDAY EVE

TRUE MARRIAGE BILL RECON- SIDERED AND KILLED.

Anti-Pass Bill Special Order in Assembly This Morning—Refused to Accept Amendment—Immigration Bill Ordered to Third Reading—Plumber License Bill Refused.

Madison, April 25.—[Special]—A resolution was adopted in the senate, requiring committees to report all bills by Wednesday night.

The True marriage license bill was reconsidered and killed in the senate by a vote of 17 to 13.

The senate ordered the board of immigration bill to a third reading. A third reading was refused to the plumbers' license bill.

The anti-pass bill was in special order in the assembly this morning and after an hour or more of argument, the lower house refused to accept the senate amendment fixing the penalty and held to its own amendment making the penalty imprisonment in jail or a fine of \$100 to \$500. A conference committee will be appointed. Assemblymen Ruek, Catlin and Rattles will represent the house.

The assembly passed the bill prohibiting the spring shooting of ducks and geese.

JEALOUSY THE CAUSE

Edward Onswald Stabs Wife and Child While Sleeping—Attempts to Commit Suicide.

Camden, N. J., April 25.—[Special]—Edward Onswald stabbed his wife and eight year old daughter to death while they were sleeping this morning. He then attempted to commit suicide, but failed. Jealousy is the supposed cause of his heartless deed.

EARL DOTY IS WELL LIKED

His Performance of "Faust" Warmly Commended By Indiana Papers.

Clarence Burdick, of this city, known to the stage as Earl Doty, is winning success at the head of his own company this season. After finishing an Indiana tour this week the company goes directly to St. Louis. The Clinton Indiana, News says:

"The writer has seen 'Faust' in Boston and several other large cities and has seen some of the biggest guns on the stage as 'Mephisto' but does not remember ever having seen that character interpreted better or more impressively than by Earl Doty at the Clinton opera house last Tuesday night. It appears like a piece of presumption for a company playing week stands at popular prices to attempt 'Faust,' but those who think the Doty Company cannot do justice to that popular old piece are sadly mistaken."

"The company is one of the best ever seen in Clinton. They have a repertoire of good plays and the good sized audience each night has been well pleased. Their specialties are fine and the songs illustrated by colored movable pictures thrown upon a canvas are simply immense. The 'Avenger' will be played tonight. There will be a matinee at 3 o'clock Saturday afternoon and another performance Saturday night at which about thirty-five presents will be given away."

GOLF LINKS IN VERNAL GARB

Beautiful View From the Porch of New Club House.

These are beautiful days on the golf links. The delicate green of early spring gives the keynote of color and makes the view from the clubhouse porch a delight. The twilight and early evening hours afford continually changing pictures, and from this time on the new club house will be a popular rendezvous. As the green keeper lives on the grounds the club house will be open every evening and will afford a pleasant destination for wheeling and driving parties.

ERECT ANOTHER STOREHOUSE

T. B. Jones Here in the Interest of the Blatz Brewing Co.

T. B. Jones, state agent of the Val Blatz Brewing Company, of Milwaukee, has been in the city for several days past. Mr. Jones was looking over property in the vicinity of the railroad passenger depots with a view to the erection of another storehouse for their product. Favorable corners in the business district also received his attention for the purposes of the retail trade.

FACTORY DESTROYED BY AN EXPLOSION

TWO LIVES LOST AND MANY INJURED.

Fuller's Chewing Gum Establishment Loss is Two Hundred Thousand Dollars—Two Bodies Recovered—Search Being Made For More—Four Hundred Girls Were Employed.

Philadelphia, April 25.—[Special]—Fuller's Chewing Gum factory was destroyed by an explosion this morning. Four hundred girls were employed in the place and it is believed a number were killed. Two bodies have already been recovered and a search is being made for more. A large number of the employees were injured.

The property was damaged to the amount of two hundred thousand dollars. The two dead bodies have not been identified. So far as known thirty were injured.

GOGHLAN SENDS REPLY

Believed It Will Not Be Made Public Until Long Makes Decision.

Washington, April 25.—[Special]—Coghlan's reply to Secretary Long's inquiry, regarding the former's speech was received today. It is not believed it will be made public before the secretary makes his decision in the case.

It may be said that on account of Germany's protest, Coghlan's case stands to some extent prejudiced. The belief is that he will be relieved of the command of the Raleigh or be otherwise disciplined.

CHARGED WITH CRIME

Jail Guarded For Fear of Lynching of Kerlin, Alleged Murderer of Pearl Knot.

Atlanta, April 25.—[Special]—The race situation about Palmetto has quieted down considerably, but many negroes are still in hiding. The jail in this city was guarded all night, for fear an attempt would be made to lynch Kerlin, the alleged murderer of Pearl Knot.

Rome, April 25.—[Special]—It is definitely decided that the pope will hold consistory in May, when ten new cardinals will be appointed.

DRIVES TEAM INTO A WELL

Hiram Patterson Nearly loses a Horse on South Jackson Street.

What came near proving a serious accident to both man and beast, happened last evening on South Jackson street, and that unusually quiet locality was thrown into great commotion.

Hiram Patterson, who resides on Western avenue in the vicinity of Stuart Hedges' tobacco warehouse, had been engaged by Chris Wright to haul some lumber to his residence at 156 South Jackson street, and had made several trips without misfortune. The last trip, about 7:30, however, nearly proved his Waterloo, as in backing out of the yard and endeavoring to avoid a small bush that grew on the edge of the driveway between Mrs. Laura Burr's residence and Mr. Wright's, one of the teams fell into what appeared to be a shallow trench. The vigorous yet fruitless efforts of the horse to release himself loosened the earth for a distance of four or five yards and slowly but surely to the amazement of the onlookers, of which there was quite a crowd now gathered, the horse seemed to be disappearing into the bowels of the earth and was taking his driver, mate and wagon along.

The driver, becoming thoroughly alarmed, jumped from the wagon and by means of boards and ropes arrested the animal's progress toward the interior. Nothing but the horse's head remained above the ground and the next question was to get him out. A derrick was finally rigged up and one end of a rope fastened around the horse's head. To the other end a mule was hitched driven by George Charlton and the animal was hauled to the surface.

The freak is explained by an old resident saying there was an old well thirty feet deep there years ago.

CLINTON VICTOR IN FRIDAY'S DEBATE

HIGH SCHOOLS REPRESENTED IN WORD BATTLE.

Warren Latta and Miss Edith Latta Were the Clinton Contestants and Miss Flora Edwards the Speaker—Remains of Isaac N. Covert Arrive For Interment.

Clinton, April 25—The long looked for debating and speaking contest between the Clinton and Sharon high schools came off in Sharon last Friday evening, and resulted in a complete victory for Clinton. Warren Latta and Miss Edith Latta were the Clinton contestants in the debate, and Miss Flora Edwards was the speaker. Much interest has been manifested for some time back, and the contestants on both sides were thoroughly trained for the work by competent teachers. The committee selected to decide the contest consisted of one person each from Whitewater, Delavan and Harvard. As the scoring of the judges were very even for both sides, Clinton people may well feel proud of the triumph won over their skillful opponents. About one hundred Clinton people went to Sharon to be present at the contest, many of them wearing badges of the class colors of the school, and great enthusiasm prevailed. The remains of Isaac N. Covert arrived Sunday from Lockwood, Mo., and were interred in the cemetery here. The funeral services were held on Monday at the Congregational church, the pastor officiating. Deceased was about sixty-five years of age and was a brother of Dr. George Covert, of this place, having resided here for a time before going south four years ago. He had been three times married and is survived by wife and four children, two of whom are by his present wife. Mr. Covert was a genial, pleasant man and had numerous friends here, who will mourn his departure. Many from here were present at the funeral of Fred R. Scott held Sunday at his late home in Bradford. The attendance was very large. Deceased was well and favorably known in Clinton, where he had many friends. His loss will be keenly felt, not only in the community where he resided, but in business and social circles of other places. The supper given by the United Workers Friday, was a success as usual and about dollars were realized. Cousins of Mrs. Mary Weaver and Mrs. Warner arrived last Friday for a visit here. Mrs. Arch Woodward has been quite sick for the week past. Watson Ames has been here on a visit. C. P. Hinman is enlarging his residence. We are glad to note that T. W. Tuttle is able to be out again. Mr. Echlin and family of Janesville, were guests of F. C. Bradley over Sunday. Dr. and Mrs. U. G. Latta of Chicago, are here visiting friends and relatives. Geo. Perkins was up from Beloit Monday. Dr. A. H. Hasse is making some improvements on his house. Commissioner Northway gave the streets a good, scraping Monday. Clayton Stoney left for Beloit Monday afternoon, where he has secured a position. Rev. W. P. Leek visited Janesville the first of the week. Mrs. Carrie Nauvelah and son returned to Durand Monday after a brief visit with her parents. P. A. Robinson left Monday for Antigo with a carload of household and farming utensils, where he will spend some five weeks making improvements on his land there. George Covert arrived Sunday with the body of his father. Miss Ann Irish is here. Mr. Cath's horse demolished the buggy recently and was considerably injured in a runaway.

ENTERTAINED AT LA PRAIRIE
Janesville Young People the Guests of C. B. Woodman.

La Prairie, April 25—A company of young people from Janesville were royally entertained at the home of C. B. Woodman last Thursday evening. The ponies and cart owned by Lee Raymond are very much admired by the children and the old folks as well. The question of purchasing a threshing outfit is being warmly talked by many of the farm owners. James Harlow, formerly of this place, but now of Beloit, has been very low with pneumonia. Miss Inez Arnold opened school at her old place Monday. The schools in the Finch and Ransom district are conducted by Misses Crowley and Wasgatt. Mrs. Carrie Moyer visited her parents last week. First class girls for general housework are now in the employ of the families of James Scott, J. Gleason, Edward Paul and George Goocher. Miss Katie Harvey is enjoying a new wheel. S. H. Joiner is a grip sufferer. He has not been well for some time. The L. M. B. S. meets at the hall the first Thursday in May. This spring is unusually dry.

South Main Street

ated and the song service was rendered by Mesdames S. Cuckow and Ed Ransom. The pall bearers were Esign Ransom, Chas. McCarthy, Will Jones, Edgar Ransom, Hans Hanson, David Jones. The interment was in the Emerald Grove cemetery and was conducted by the Modern Woodmen. The song service there was rendered by Mrs. A. Barless, Mrs. J. A. McArthur, Robert Jones and J. A. McArthur. The service was very impressive and the floral offerings were profuse and beautiful. Mr. Scott was one of Bradford's best known farmers having always lived from boyhood on the farm on which he died. Among his associates he was held in the highest esteem and was a worthy member and officer of the Congregational church of this place. Mr. Scott was fifty-two years of age at the time of his death which occurred Friday morning at 9 o'clock as the result of the grip. The sad news was soon carried from one to another of his friends, causing a great shock to those with whom he had been so long associated, and who had always entertained for him so high a regard. He leaves a heart broken wife and mother to mourn his untimely death; also two sisters, Mrs. Alice Inman, of Clinton, and Mrs. Lottie Ellis, of Janesville, to whom he had been a kind, affectionate, husband, son and brother. To these sorrowing ones the sympathies of all will be extended and their sorrow will be shared by a large circle of friends and acquaintances. The attendance at the funeral was very large. Many being present from Fairfield, Clinton and Janesville. Little Irene Irish was very sick last week, being threatened with pneumonia. Mr. C. Fitch will not grind any feed at the factory after Tuesday, April 25. Mrs. Andrew Westby has been on the sick list. David Brown and wife, of Janesville, spent Sunday with Emerald Grove friends. The young people's society of Christian Endeavor have started up their Sunday evening meeting again and hope all the young people will make an effort to be present every Sunday evening. Everyone is invited, old and young. Come and bring a friend.

ENTERTAINED AT LA PRAIRIE
Janesville Young People the Guests of C. B. Woodman.

La Prairie, April 25—A company of young people from Janesville were royally entertained at the home of C. B. Woodman last Thursday evening. The ponies and cart owned by Lee Raymond are very much admired by the children and the old folks as well. The question of purchasing a threshing outfit is being warmly talked by many of the farm owners. James Harlow, formerly of this place, but now of Beloit, has been very low with pneumonia. Miss Inez Arnold opened school at her old place Monday. The schools in the Finch and Ransom district are conducted by Misses Crowley and Wasgatt. Mrs. Carrie Moyer visited her parents last week. First class girls for general housework are now in the employ of the families of James Scott, J. Gleason, Edward Paul and George Goocher. Miss Katie Harvey is enjoying a new wheel. S. H. Joiner is a grip sufferer. He has not been well for some time. The L. M. B. S. meets at the hall the first Thursday in May. This spring is unusually dry.

CARPENTER CHOSEN AS THE PRESIDENT

THIRD WARD ALDERMAN IS "ACTING MAYOR."

D. W. Watt and Henry Hemming Named As Assessors—Thirteen Ballots For Health Officer Without a Choice—Standing Committees Made Up—Other Work Done.

President of the Council EDWIN F. CARPENTER

Assessor, West Side HENRY HEMMING
Assessor, East Side D. W. WATT
Janitor PATRICK RILEY

These officials were elected at the first meeting of the new council, held last evening. A health officer was not chosen, thirteen ballots being taken without a choice. During the session Alderman J. B. McLean was presented with a handsome floral piece by his constituents from the Fifth ward. The emblem was in the form of an open book of white. On the left hand page were the figures "1883," and sixteen American Beauty roses—open for each year that Alderman McLean had been in the council. On the right hand page were the figures "1899," and a bunch of pink roses. The piece was greatly admired, and Alderman McLean thanked the unknown donors in a few words.

The appointment of committees were then announced as follows:

Standing Committees.
Finance—Gilkey, Palmer, Sennett.
Judiciary—Carpenter, Peters, Fifield.
Fire and Water—Kothman, Fifield, Sennett, Hutchinson, Carpenter.
Highways—Rice, Peters, Palmer, McLean, Gilkey.
Lighting—Palmer, Fifield, Sennett, Carpenter, Hutchinson.
Sewerage—Peters, McLean, Carpenter, Palmer, Rice.
Schools—Fifield, Hutchinson, Carpenter, Sennett, Kothman.
Police—McLean, Peters, Rice.
License—Fifield, McLean, Gilkey.
Parks—Sennett, Gilkey, Hutchinson, Palmer, Rice.
Printing—Hutchinson, Fifield, Gilkey, Carpenter is President.

On motion of Alderman McLean, Alderman Edwin F. Carpenter was elected president of the council, the clerk being instructed to cast the ballot for him. Alderman Carpenter thanked the council for the honor.

The rules of the old council were adopted, Roberts' Rules of Order being the parliamentary authority.

On Alderman Sennett's motion, the council proceeded to ballot for a health officer. Thirteen ballots were taken without a choice, the candidates being James Gibson, J. B. Whiting, Sr., R. W. Edden, G. W. Fifield, Hugo Spier, and W. H. Judd. Action was then deferred until the next meeting.

Charles Kruse was given permission to live in the post house.

Henry Hemming and D. W. Watt were elected assessors by unanimous vote.

A resolution was adopted requiring the janitor of the council chamber to take care of the city offices also, his pay being fixed at \$75 per annum.

Patrick Riley was elected janitor on the third ballot, receiving six votes while Philo Loudon received four.

May 1 was fixed as the first regular meeting night, and sessions will be held on every other Monday evening thereafter.

The President's Visit.

Mayor Richardson brought up the matter of President McKinley's visit to Janesville next July, that the council might take appropriate action. On Alderman Carpenter's motion the mayor and clerk were instructed to extend an invitation to the president to visit the Bower City.

The street commissioner was instructed to remove stones from the street, and adjournment followed.

GRANTED DECREE OF DIVORCE

Former Bower City Couple Separate in the West

Nellie Hanson was granted a decree of divorce from John Hanson yesterday by a Spokane, Wash., court on the grounds of non-support. The couple were married in this city August 16th, 1893, and resided here before taking their departure for the west.

The decree awards the wife the care of their child Arthur, age four years.

Wells of Great Depth.

A curiosity, at least, is this compilation of the deepest wells in the world. In Europe, one at Passy, France, depth 2,000 feet; at La Chapelle, Paris, depth 2,950 feet; at Grenelle, Paris, depth 1,798 feet; at Neusalwerk, near Minden, depth 2,285 feet; at Kissingen, Bavaria, depth 1,737 feet; at Spersenberg, near Berlin, depth 4,190 feet, which is said to be the deepest in the world; at Pest, Hungary, depth 3,182 feet. In the United States there are wells located at St. Louis, depth 3,843 feet; at Louisville, depth 2,086 feet; at Columbus, Ohio, depth 2,775 feet; at Charleston, S. C., depth 1,250 feet.

America's Greatest Medicine

is Hood's Sarsaparilla, because it was originated and is still prepared by a competent, experienced and educated pharmacist from the best known alternative, diuretic, anti-bilious remedies and stomachic tonics, by a combination, proportion and process.

It is a remedy to other diseases, giving to Hood's Sarsaparilla its peculiar value. It has a record of cures unequalled in the history of medicine. It has accomplished many marvelous cures when all other medicines failed, even when cure seemed impossible, and really was impossible by any other medicine than Hood's Sarsaparilla.

It has effected wonderful cures of scrofula, salt rheum, psoriasis, blood poisoning, boils, pimples, rheumatism, catarrh and other troubles originating in or promoted by impure state or low condition of the blood. It has cured thousands of cases of dyspepsia, indigestion, nervous dyspepsia, gastritis, catarrh in the stomach and other kindred troubles. It has given nerve, brain and mental strength in cases of nervous prostration and nervous debility, cured that tired feeling and loss of appetite.

CAPT. COGHLAN'S CASE

It is exceedingly unfortunate that Captain Coghlan, the heroic commander of the Raleigh, which vessel was one of Admiral Dewey's fleet in the historic battle of Manila bay, should have been so indiscreet in expressing his personal opinions at the banquet given in his honor at New York. His language was far from temperate, and his criticisms of the Germans were not justified under the circumstances. His remarks and his singing of a song poking fun at Emperor William caused considerable displeasure in high diplomatic and naval quarters, mainly because they are contrary to the policy which the two governments have adopted of giving as little public expression as possible to the friction which may have occurred at Manila.

In naval quarters there is a disposition to regard Captain Coghlan's statements as giving some rather ugly truths, which have heretofore been glossed over on public policy. The responsible naval officials have, however, shared the policy of minimizing the frictions at Manila and Captain Coghlan is severely criticised.

The incident has also served to bring up a memory of the past—the fact that the captain was once court-martialed for writing an ill advised letter to a newspaper, on a naval subject.

Captain Coghlan's heroic services at Manila will certainly weigh in his favor, but the matter can hardly be passed without action of some sort by the authorities.

The Juneau Telephone, democratic, makes the sage remark: "When you discover a chronic, political bolter you have your eye on a man who has got more 'swag' out of his party than he was ever entitled to, and who has despaired of ever getting another pull at the pap."

The Waukesha Dispatch drops its democracy long enough to say: "So far as known Gov. Scofield has stood up manfully for every reform declared for by the republican platform, and whatever is done by the legislature will be largely through his influence."

The Filipinos seem determined to fight to the last ditch rather than submit to civilization and humane government. The duty of the United States is therefore clear—the law of God and man must be enforced at any cost.

A COMING NUPTIAL EVENT

Marriage of Miss Lizzie Barnett to Fred J. Dixon Tomorrow Evening.

The ceremony that will unite for life the fortunes of two well known young people, Miss Lizzie Barnett and Fred J. Dixon, will be performed at the parsonage of St. Patrick's church by Rev. J. J. Collins, tomorrow evening at 9 o'clock. It will be a quite affair only the immediate relatives and friends of the contracting parties being present. Following the marriage a wedding repast will be tendered the bride party at the home of the brides' brother-in-law, Isaac F. Connors.

At 7:20 the happy couple will leave for Chicago and will be at home to their friends at 253 South Cherry street, after May 5.

The bride possesses a host of friends in this, her home city. The groom is employed as a brakeman on the North-western road and is an industrious young man.

MAYOR'S MESSAGE.

Continued From Page 5.

our citizens the heartiest praise and support. While there may be improvements in the way of fire apparatus which it would be desirable for us to adopt, we must not tax too severely the pockets of the tax-payer. We must not expect to have every good thing that is on the market. I wish to caution the fire and water committee to keep their expenditures down as much as is compatible with the maintenance of the department at its present high standard.

Public Library.

The public library is a department of our city government that under the efficient management of the library board has grown to be a source of unlimited pleasure and cultivation, of the highest kind, to a great and increasing number of our citizens. To many it is the only means of acquiring that knowledge of literature that is the trust and best educator in good citizenship. Last year the appropriation for the library was cut down from \$3,000 to \$2,500. This reduction has seriously crippled the library and I would recommend that this year the appropriation be restored to \$3,000. I believe that the people desire that the usefulness of the public library shall not be impaired.

Streets and Bridges.

Probably the most important work that the council has to do is in connection with our streets and bridges. This department of our city government costs our tax-payers more than any other department. Many of our citizens complain either justly or unjustly; that there is no adequate return for the money spent on our streets. Without entering into this discussion in any way, I desire that whatever may have been the condition in the past, I believe that the citizens of Janesville have been aroused to an understanding of the necessity and economy of good streets, and that the members of the present council are desirous of doing all in their power to build such streets. The tax-payers will not grumble at the expenditure of money for good streets. In order to spend the money judiciously it is necessary that the council at the beginning of the year adopt some definite plan for the year's work and then stick to that plan. Determine how much money should be expended for cleaning and ordinary repairing of streets, and how much for building new streets. The objection may be raised that it is not practical to limit the sum for repairs because of some extraordinary damage that may be done by freshets, etc. This is partly true, but I believe a limit can be fixed for all ordinary repairs and that limit should not be exceeded. In the building of new streets, we should take care to build good, durable streets even if they cost more money than those recently built. Build a little each year and build it well and in a very few years all of our principal streets will be in good condition.

Brick Pavement For Milwaukee Street.

If a pavement is necessary on Milwaukee street I would recommend a brick pavement on concrete foundation. Such a pavement will last for many years. If such a pavement is laid some provision should be made for the laying of a sewer on the street before pavement is put down. Such a sewer could be a part of a general system, which must eventually be built, and which could be so constructed as to connect with the remainder of the system at any time in the future. Also I believe that steps should be taken to place below ground those wires of the several telegraph, telephone and electric light companies that are now stretched along the business portions of Milwaukee and Main streets. I am sure that we do not wish to work any hardship to these several companies but it is not unreasonable to ask them to relieve our business streets of the multitude of wires that are a defacement to the streets and a menace to the lives and property of the citizens. I would recommend that before a pavement is laid on Milwaukee street the council require all wires on that street to be placed in properly constructed conduits below the surface of the street. This work can be carried further on the east side of the river when it becomes necessary to rebuild the streets there. In the construction of streets in the residence portion of the city we cannot do better than to build macadam. Our local quarries furnish stone of a good quality for the bottom of roadway, but care should be exercised in providing a top dressing. Granite is the best material but is more expensive than our local stone, which, if properly screened and freed from all dirt, may be good enough.

If we are to build any macadam streets in the future, and I believe we will, it would doubtless be best for the city to own its own quarry as the introduction of modern methods of handling material in the quarry will reduce the cost of the stone 25 per cent.

If bridges are to be built they should be of iron. We should build no more block crossings. They should be of brick.

Finances.

With regard to the financial condition of our city, the city treasurer's report, dated April 1st, shows that the several funds have credits as follows:

Second ward.....	804 34
Third ward.....	29 53
Fourth ward.....	318 47
Fifth ward.....	169 18
Municipal court.....	451 85
Bonded debt.....	1,350 00
Tax certificates of redemption.....	890 40
Judgments.....	1,750 00

Most of these funds will be exhausted before the next tax levy will be available. The city has a bonded indebtedness of \$47,500, of which \$2,500 and interest is due in November next. The city also has a floating indebtedness of \$3,000, borrowed on city notes and due July 6, 1899. In making the tax levy all these items must be taken into account. I sincerely trust that the several city funds can be so administered that the annual tax levy will not exceed that of last year. Many complaints are heard of the constantly increasing burden of taxation and it is our duty to make this burden as light as possible. I believe that a step in this direction would be taken if there was adopted a more perfect and detailed system of keeping the accounts with regard to work on streets.

Street Commissioner's Report.

The street commissioner's report should show where every dollar was spent. This has not been the case in the past and while the establishment of such a system will involve some extra labor I am satisfied that it will also result in the saving of money. In recent years there has grown up a pernicious habit of crowding everything possible into the general fund instead of having it charged to its proper account. This has enabled aldermen to shirk the personal responsibility of certain expenditures and to take to themselves credit for saving their ward funds. This should be stopped. Every alderman should be willing to take the responsibility that belongs to him and the city funds should be so adjusted that the general fund will be in fact what it was intended to be, namely, a reserve fund created to meet contingencies.

Now, gentlemen, in closing I wish to apologize to you for the length of this message. When I commenced to write it, I thought that but a few lines would be necessary, but the consideration of the several parts of our municipal system has led me on, until I fear I have taxed your patience. My excuse is the deep interest that I am sure we all feel in city affairs. We must always bear in mind that only by harmonious and concerted action can we accomplish any good for the citizens whom we represent. We are in a manner trustees elected to the most important offices within the gift of the citizens of Janesville and as such it is our duty and I feel sure that it is our pleasure to prove ourselves in every way worthy of the confidence placed in us. Gentlemen, I thank you for your attention.

MAYOR'S MESSAGE TO THE COUNCIL

Many Important Recommendations Are Made.

CITY OWNERSHIP IS STRONGLY ADVOCATED.

Says People Should Own Lighting Plant, Water Works, And a Stone Quarry—Prefers Brick As a Paving Material—Favors Iron Bridges, Better System of Street Work, and Under Ground Wires on the Business Streets—The Document in Full.

Mayor Victor P. Richardsen's message was read to the common council at the meeting held last evening. Among other recommendations were the following:

Impartial enforcement of all ordinances, etc., without undue severity.

The establishing of a municipal lighting plant.

The city ownership of the water works plant.

The maintenance of the fire department at its present high standard.

The appropriation of \$5,000 to the public library.

The building of iron bridges in the future.

The building of durable streets, on the installment plan.

The laying of a brick pavement on Milwaukee street when a pavement is deemed necessary.

Also that a sewer be laid, and electric wires placed under ground, before said pavement is put down.

The purchase of a municipal stone quarry.

The use of brick instead of blocks in building curbs.

The formation of a better system of bookkeeping for the street commission's use.

That the general fund be maintained for its real purpose—as a contingent reserve fund.

The practicing of wise economy in all departments of the city government.

The message in full was as follows:

GENTLEMEN OF THE COUNCIL:—In commencing our year's work as representatives of the citizens of Janesville, I desire in a few words to review the condition of the several departments of our city government and to make a few suggestions as to our work in the future.

Our City Schools.

The educational department of our city government as represented by our city schools is not under the direction or the control of the council except as to the amount of money appropriated to its use. This amount last year was \$25,500, of which \$2,500 was for an addition to the Adams school, and when the regular appropriation was made last year, it was supposed that the extra \$2,500 would not be asked for again this year. But I have been informed by the President of the Board of Education, that the amount of money received from the state has decreased so that the board will be compelled to ask for at least \$25,000 this year. This is a large sum of money and while our citizens are proud of their schools and well satisfied with their management I think the Board of Education should be extremely careful, that the school expense does not increase out of proportion to the population of the city and the school attendance.

Police Department.

Our police department, both in its organization and management being under the control of a Board of Commissioners, there is little, if any, work for us to do in this department. We have a new city lock-up which I understand is all that is desirable in that line. Our police force while not large is very efficient and I think we have reason to feel proud that this department of our city government is administered so economically and so well.

Licenses.

The matter of licenses is, one of considerable importance to our citizens. The vote on this question at our recent election showed a decided majority in favor of license, and I believe that a great proportion of the citizens, whose votes contributed to this majority are in favor of a proper and impartial enforcement of the ordinances regulating the sale of liquors. While I am not in favor of any unnecessary severity in the enforcement of the laws, I believe that a repeated violation of the ordinances with regard to the sale of liquor should be punished by a revocation of the license of the offender.

City Should Own Lighting Plant.

The problem of lighting our city streets is one that usually requires much consideration on the part of the city council, but this year we have little to do with it as we are working under a lighting contract that has still a year to run. In this connection I desire to call your attention to the fact that the city ownership of a lighting plant has been frequently and seriously considered by many of our citizens and I believe that the time is not far distant when public opinion will demand the establishment of such a plant. Personally I am in favor of such a departure, as I am in favor of city ownership of the water works. I will not go into this matter further now as I may desire to take it up with you at some future date.

Fire Department.

All that the council has to do with the fire department is to supervise the purchase of the necessary equipment and supplies. In this respect the preceding councils have been very liberal and their liberality has been rewarded, as we have today one of the best fire departments of its size to be found anywhere; not the least efficient part of which is the fire police, who as unpaid volunteers always prompt and faithful in the discharge of their duties, deserve of

MENU FOR WEDNESDAY.

Beware of little expenses; a small leak will sink a great ship.—Franklin.

BREAKFAST.

Shredded Wheat Biscuit, Water Cress, Broiled Sausage, French Fried Potatoes, Coffee.

LUNCHEON.

Mixed Chicken on Toast, Hot Rolls, Potato Salad, Tea.

DINNER.

Tenderloin of Beef, Roasted, Creamed Cabbage, Potato Dumplings, Apple Pie, Coffee.

CREAMED CABBAGE.—One of the most delicate ways to serve cabbage is to cream it. To do this chop or slice the cabbage with a saw cutter. Put over the fire with plenty of water, boiling hot. Cook for 30 or 35 minutes, not more. This is not according to all accepted ideas of cooking cabbage—most folks think it must be cooked at least an hour or more. I will not cure to go back to the old method of long cooking. The cabbage seems so fresh and delicate, it retains its color, even by one who cooks cabbage on ordinary occasions. Of course the cabbage may have a dressing of vinegar and butter if preferred.

MENU FOR THURSDAY.

Quotation, sir, is a good thing; there is a community of mind in it.—Samuel Johnson.

BREAKFAST.

Breakfast Food, Sugar and Cream, Poached Eggs, Salted Apples, Toast, Coffee.

LUNCHEON.

Creamy Omelet with Water Cress, Date Sandwiches, Tea.

DINNER.

Cream of Rice, Lamb Chops, New Potatoes, French Stewed Carrots, Rhubarb Souffle, Coffee.

The foundation for the creamy omelet is a cream sauce. Melt one tablespoonful of butter, add one tablespoonful of flour, gradually a half cupful of milk, a scant even teaspoonful of salt and a dash of pepper. Cook until it thickens, then take from the fire, let stand until slightly cool, add slowly the beaten yolks of two eggs and then fold in the whites beaten until stiff. Melt a tablespoonful of butter in the omelet pan, pour in the mixture and cook slowly on top of the stove about two minutes, then set in the oven until the top is a dainty brown.

A BRIDE AND GROOM WERE HOBSONIZED

KISSING BEE WINDS UP THE HONEYMOON.

Rev. Wilbur W. Diehl and His Rock County Wife Given An Osculatory Welcome To Their Home at Chicago—Say That "Repeaters" Were In Evidence.

A Chicago dispatch says: "Rev. Wilbur W. Diehl, who was married at Evansville, Wis., last Tuesday to Miss Isabelle West, was given a reception at the Ashland Avenue M. E. church. He was greeted by a girl who with a determined look gave the young pastor a blissful smack. The clergyman's bald spot flushed perceptibly and he gave a quick startled glance at his bride out of the tail of his eye, but recovered courage in time to smack back manfully. There was a murmur of approval, and the next girl also took a chance and won. That settled it, and for ten or fifteen minutes the girls and matrons swarmed about the pastor in one great kissing bee.

"One sharp-faced girl, after it was all over, boldly charged that some of the girls went around in the line four or five times, but this is believed to be a canard. The men watched the operations for awhile, and then determined that what was sauce for the goose was sauce for the gander, and vice versa, and made a brave, osculatory assault upon the bride. But with all the kissing and laughing it was not wholly an occasion of joy to the young women of the church. The crush about the center of attraction finally became so great that A. A. Anellis, who acted as master of ceremonies, mounted the platform and announced that there had been enough kissing, and it was time to have a little singing."

CIRCUIT COURT CALENDAR

In Judge Bennett's Court Yesterday—Work to Begin May 8.

Ninety cases were called on the circuit court calendar in Judge Bennett's court yesterday. Of that number thirty-seven are issues of fact for the jury, and eleven make up the criminal calendar, while Rock county is made defendant in fourteen cases and the city of Beloit defendant in but two.

The first cases to be called will be the jury cases which will begin on May 8 and until that time nothing will be done beyond the usual hearings which may come up.

MINISTERS HOLD A MEETING

W. C. T. U. Ask For a United Meeting of the Churches

In response to a request of the ladies of the W. C. T. U. for a united meeting of the churches in the cause of temperance, the ministers of the various churches of the city were called in session in the Y. M. C. A. building yesterday afternoon.

The proposition was favorably considered, although no definite action was taken beyond appointing Rev. Pence of the Presbyterian church, and Rev. Woodside of the First Methodist church a committee to arrange matters. It was suggested that they also procure a speaker for the occasion and that they report on the matter some day this week. The ladies of the organization are eager to bring about the meeting and if successful promise an interesting program.

THE SKELLY-HARDEE NUPTIALS

Ceremony Solemnized in Florida at Noon Today.

Telegrams received from Rock Lodge, Florida, this afternoon, announced the marriage of Miss Emma Hardee, daughter of ex-Senator Hardee of Florida, and George Warren Skelly of this city.

Only immediate friends and relatives witnessed the ceremony, which was performed by the dean of the Episcopal parish of Titusville, Florida. This evening the happy pair will start on a journey through the east, intending to arrive at their future home in this city on next Tuesday.

Ransom-Dunham.

Louis E. Ransom and Miss Alice Dunham were joined in bonds of matrimony at noon today. The wedding took place at the home of the bride's mother, Mrs. Hattie Dunham, six miles out of the city on the Madison road, Rev. E. H. Pence being the officiating clergyman. The bride was attired in a traveling gown of Gobelin blue broadcloth and carried bride's roses. Flowers filled the room and gave a spring-like charm to the scene.

After the wedding ceremony luncheon was served and at 2 o'clock Mr. and Mrs. Ransom left for Kansas where the groom is extensively engaged in raising cattle. He is a nephew of Dr. J. W. St. John, of this city, and both he and his bride have many friends in Janesville.

"STANLEY" shirt waists at 75c, 1 1/2, 1 3/4, 2, and 2 1/2 dollars are splendid values. All have the patent "Florette Adjuster" in the back. J. M. Bostwick & Sons.

JUBILEE AT ST. PATRICK'S

Program Perfected and Appropriate Celebration Tonight

Every detail of the golden jubilee program of St. Patrick's church, to be given this evening at the Armory has been perfected. Many guests from out of the city arrived this afternoon, among them, Rev. Harlin, of Edgerton, who will deliver an address. An excellent musical program has been arranged, composed of vocal and instrumental numbers. The toasts promise to be quite interesting and the various local talent which has been engaged will prove most interesting.

After the banquet a dancing program will be indulged in.

CHILDRENS CHOIR AT BANQUET

Members of the Congregational Church Choir Are Entertained

From 6 o'clock to 9 o'clock this evening, the children's choir of the Congregational church will be banquetted in the church parlors by members of the church.

The choir was organized about three months ago and the ninety-five children who compose it have raised their voices in worship at every Sunday service. The occasion is one which was planned a short time ago, and is one which is intended both to give the juvenile singers a happy time and to encourage them in their work.

NO "CARPETBAGGER" TONIGHT

Tim Murphy Has Pneumonia and Cannot Leave Oshkosh

Janesville play-goers will be disappointed this evening. A dispatch from Oshkosh announces that Tim Murphy is seriously ill of pneumonia and cannot fill his Janesville date.

LOCAL EDUCATORS

TO VISIT THE WEST

ATTEND NATIONAL EDUCATIONAL ASSOCIATION.

Convention Opens July 11th at Los Angeles, Cal., and Continues Four Days—Prof. D. D. Mayne, of This City, Receives Important Assignment—Many Plan to Attend.

The National Educational association opens its convention on July 11 next, at Los Angeles, California, and will continue during four days. Reduced rates have been secured, and a large delegation of the Janesville teachers have planned to attend.

It will prove a notable gathering and of great benefit to all who take advantage of the occasion, for the association includes in its membership all of the best known educators in the country.

The institute itself will be divided into two daily sessions, from the hours of nine to twelve in the morning, and two to four in the afternoon. Topics have been given out treating of the best methods of training the young mind and D. D. Mayne, the efficient superintendent of our local schools, has received one of the most important assignments. "Should the Common Branches Be Reviewed in the High School?"

When asked by a reporter if he had any objection to stating his views on that subject now, he replied, "Certainly not, and you may say that I am heartily in favor of this review, for it is only in this way that the important principles will become thoroughly fixed."

Extensive preparations are now being made by the California State Teachers' Association for a grand reception to the visitors.

Tires We Tie To....

Many riders want to know the difference between the various grades of tires we sell.

Fastest of all

but more easily punctured, is the thread fabric tire. This means that it is made of two layers of threads, not interwoven like the threads in a handkerchief, but each thread separated from its neighbor by a thin layer of rubber. These are covered with a layer of rubber to protect them from wear. The tire we sell as Hartford No. 80 is such a tire.

This construction makes the most resilient tire known. Actual tests show that a wheel fitted with these tires uses about ten per cent. less power to propel at a given speed than if the threads in the fabric were interwoven.

Hartford Tire No. 77 is made from a closely woven fabric, sacrificing a certain amount of speed to durability and freedom from puncture. It is a tire made to stand rough usage. The rubber in the No. 80 and the No. 77 is identical. It is the best for its purpose that can be produced.

Hartford Tire No. 70 is also made from a closely woven fabric, but the rubber is not as good as that in the No. 77 and No. 80. It is durable and intended to meet the call for a good medium priced tire.

FLOODS SWEEP LOUISIANA.

Disastrous Break Occurs in an Important Levee.

BIG INDUSTRIES ARE RUINED.

Crevasse Is Widening Rapidly. Despite All Efforts of the Residents—People Forced from Their Homes—Missouri River Still Rising.

Raceland, La., April 25.—What was thought to be the inevitable has happened. Notwithstanding strenuous efforts by the people of the La Poudre valley the levee gave way Monday morning at 1 o'clock at a point five miles below Raceland, on the left descending bank of Bayou La Poudre, on the upper confines of the Clotilda plantation of Barker & Le Blanc.

The break quickly widened, and at the break of day a disastrous crevasse was pouring the murky waters of the bayou over some of the richest plantations, inundating hundreds of acres of cane and corn and stretching its grasp in all directions.

The calamity, unless something unforeseen happens, will necessitate the shutting down of four enterprises during the coming season, and this, with the loss entailed, will be a general drawback with that otherwise rich section.

Within a radius of five miles are to be found the Georgia plantation of Charles S. Mathews, Clotilda plantation of Barker & Le Blanc, Ravenswood plantation of F. Bourg, McLeod plantation of Maj. C. La Garder, Golden Ranch plantation of Green Brothers, Home plantation of Simon Abraham and all the settlement in the Vachere, Livaudais, Prugue, in the immediate rear. These suffer a total loss of all crops. The Mary, Raceland, Utopian and Upper Ten plantations of Leon Gauchaux, five miles above, are protected by side and back levees.

As a result of this break the waters of Bayou La Poudre have fallen six feet in twelve hours. No attempt is being made to close the crevasse, although labor and material will be plentiful should an opportunity arise to make the effort.

SIX HUNDRED HOMELESS.

Missouri Floods Cause Great Discomfort—No Lives Are Lost.

Omaha, Neb., April 25.—The flood at this point is at a standstill, though 600 persons have been temporarily rendered homeless by the high water. Tents and other temporary shelters have been provided for the flood refugees. In many instances the families continue to live in a haphazard manner on the verge of the yellow flood, where their household goods were landed from the boat which rescued the family from the waters. Tables in some instances form the shelter of several persons. The weather is pleasant, and they can live in this way without much discomfort. No deaths have resulted and none is likely to.

River Is Rising Slowly.

Kansas City, Mo., April 25.—The river continues to rise, but so slowly that conditions are not perceptibly changed from Sunday. At Plattsmouth, Neb., the river has been stationary for twenty-four hours and at St. Joseph it has risen 6 inches. At Kansas City the gauge has been pushed up 8 inches since Saturday morning, now registering 21.7 feet, or 7 inches over the danger line. Locally, beyond the flooding of cellars and the overflow of bottom lands, no appreciable damage has been done. At the packing houses and warehouses on the river gangs of men are kept constantly at work pumping out the water in the cellars and bracing the inlets. It is still believed they will be able to prevent serious damage.

Daughters Will Not Unite.

Philadelphia, April 25.—The Daughters of the Revolution and the Daughters of the American Revolution will not unite, and the differences between these prominent revolutionary societies will not be healed by amalgamation. The annual meeting of the general society of the Daughters of the Revolution began Monday at the hotel Stratford, and one of the most important matters transacted was the ratification by the major organization of the "no coalition" resolution that was adopted by the board of managers in New York last Monday.

To Keep Dreyfus Prisoner.

London, April 25.—David Christie Murray publishes the statement that he has learned from trustworthy sources in Paris that a council of war, including Gen. de Negrier, Gen. Zurlinden, Gen. Giovanninelli, Gen. Duchesno and Gen. Jamont, has decided that under no circumstances whatever shall Dreyfus be liberated.

Better Report from Hobart.

Washington, April 25.—Vice-President Hobart sat up for several hours Monday, and his condition continues encouraging. It is confidently hoped that in a week he will be able to take short carriage rides about the city.

Yellow Fever at Vera Cruz.

Washington, April 25.—A cablegram received here from Vera Cruz by the surgeon general of the marine hospital service states that eight cases of yellow fever have developed there.

THE WEAK SPOT.

Vulnerable Bulkheads Cause Most of the Losses at Sea.

It is a common belief among all who have occasion to take a sea voyage that their safety on the water is provided for by the careful shipowners in large measure by the water-tight compartments, with which all the best passenger steamships and all large battle-ships are fitted. Those who have never been on a ship and seen how these are arranged will form a wrong opinion about them at once. It will likely occur to them that the boat is built with these bulkheads as permanent spaces. But this is not true. A passenger steamer, for instance, is built in sections, and each of these on the several decks are used as cabins, saloons, etc., and they are connected by heavy iron doors. It is the closing of these doors which completes the bulkheads. Now it is obvious that the bulkhead cannot be any stronger than its door, just as a chain is no stronger than its weakest link, and it is all too true that as at present constructed, these doors are dangerous and inefficient. They have been the direct and known cause of the loss of many lives and many good ships, and if the truth could be known, doubtless many a ship on the list of the missing and unaccounted for, could be chargeable to faulty bulkheads. There are over 350 water-tight doors and hatches on a first-class battleship, and about 300 valves and grates connected with ventilating, draining and flooding the hull, and involving the safety of the ship. It will be seen, therefore, that the systematic control and operation of these devices are of no mean importance. It takes 110 men to look after these details alone in response to a collision alarm, and it has never been satisfactorily demonstrated yet that this number are equal to the emergency. The greatest danger that is to be met with at sea is that of collision, and against this the bulkhead is the chief and only protection. Yet, notwithstanding this, if put to the test, it is doubtless the most vulnerable part of the ship.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared, it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

Boils and Pimples Give Warning.

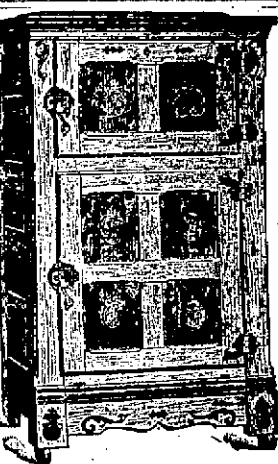

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaken, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance.

FAMOUS STATESMAN DEAD.

Unexpected Demise of Ex-Gov. Oglesby at Elkhart, Ill.

BRILLIANT CAREER CLOSED.

Thrice Governor of the "Sucker State," and Once in the Upper House of Congress—Brave Volunteer in Two Wars—Funeral Arrangements Not Yet Made

Elkhart, Ill., April 25.—Ex-Gov. and former United States Senator Richard J. Oglesby died at his residence, "Oglehurst," in Elkhart, at 1:05 p. m. Monday. The immediate cause of his death was a fall, his head striking the sharp edge of a piece of furniture. The remote cause was vertigo, which caused the fall. Death resulted from concussion of the brain.

EX-GOV. OGLESBY.

The former governor had not been well since he sustained an attack of the grip four years ago, and had been subject to frequent attacks of vertigo.

Ex-Gov. Oglesby would have been 75 years old on the 25th of next July. He was married a second time twenty-five years ago last November.

Ex-Gov. Oglesby was in moderate circumstances only. He owned a farm at Lake Ford, about two miles and a half from here, but aside from this and his residence it is understood he leaves little or no property.

Arrangements for the funeral have not yet been made.

LIFE OF RICHARD JAMES OGLESBY.

How an Orphan Boy Became a Lawyer and Governor.

Richard James Oglesby was born in O'dham county, Kentucky, July 25, 1824. His father was a farmer in moderate circumstances. When the boy was 8 years old his mother died, and a few months later his father, two brothers and a sister were carried away in the cholera plague which spread over the country.

The orphaned Richard was taken in charge by an uncle and moved through two or three states with him. In 1836 Richard came to Decatur, Ill., and there was able to get a few months' schooling. Two years later he was with his uncle on a farm near Terre Haute, but did not long remain there.

When 20 years old he began the study of law in the office of Judge Silas W. Robbins at Springfield, Ill. In 1845 young Oglesby was admitted to the bar, beginning his practice in Sullivan, Missouri county, Ill., where he won his first case and a fee of \$15. The war with Mexico fired his blood, and he threw up his practice and joined the fourth Illinois regiment, Col. E. D. Baker.

He was made first lieutenant of company C, and fought throughout the term of his enlistment. He participated in the siege of Vera Cruz and took part in the battle of Cerro Gordo. Returning to Illinois, he took up the law again in Decatur. After a year, in 1848, he decided to go to a law school in Louisville, and the next year he received his diploma and reached Decatur in time to join the "argonauts" in the expedition to California.

In the latter part of 1851 he came home and once more resumed his practice, continuing it successfully for five years.

Then he spent a year in European travel. On his return he was nominated for congress and ran against James C. Robinson, who defeated him. Two years later he was made state senator, his election as a republican making the senate of Illinois republican for the first time in the party's history in this state.

The call to war in April, 1861, found him ready to answer, and his resignation as senator promptly followed. April 25 he was elected colonel of the eighth regiment Illinois volunteer infantry. In February of the next year, after six months at Bird's Point, he was given command of the first brigade, first division, Army of West Tennessee.

His men were the first to enter Fort Henry and for gallant conduct in the investment and capture of Fort Donelson he was made brigadier-general. In this capacity he fought in the second battle of Corinth, Oct. 3, 1862, and was so severely wounded that he was carried from the field supposed to be dying.

The anti-war legislature was in session in Springfield, and as soon as the general was strong enough to bear excitement he was invited to speak before the senate. He earnestly advocated the continuance of the war. That speech made him the candidate for governor in 1864. His wound did not heal, and in June, 1863, he asked that his resignation be accepted, he having in the meantime resumed his place in the army. Gen. Grant refused to accept the resignation, but granted Oglesby, now major-general, six months' leave of absence.

The next year, May, 1864, he was nominated for governor. His opponent

was the same James C. Robinson who had defeated him for congress in 1858. Nov. 8 Oglesby was elected by a majority of 32,000, the largest ever given any candidate up to that time. After a rest of four years at the conclusion of his term, Gov. Oglesby was again chosen to lead the republicans to victory, and in November, 1872, was again elected governor of the commonwealth. He was soon transferred to the senate of the United States, taking his seat March 4, 1873.

On the expiration of his senatorship in 1879 he declined a re-election. In November, 1884, he was again elected to the office of governor. Since the close of his term, Jan. 1, 1889, he had been out of public life, and had lived most of the time on his farm near Elkhart, this state.

ARBITRATORS MEET.

Operators in the Chicago and Alton Subdistrict Demand Cut.

Springfield, Ill., April 25.—The board of arbitration met here Monday for the first time under the new law. It is hearing evidence in the petition of mine operators in the Chicago and Alton subdistrict for a reduction of the scale. About fifty witnesses have been subpoenaed.

The operators claim that they are not bound by the new scale recently decided upon at the joint conference in Springfield, as they had withdrawn from the Operators' association, which made the agreement with the United Mine Workers of America. The same field was represented at the hearing before the board once before, and at that time the board refused to change the scale then in effect. The mines represented are those of Springfield, Chatham, Virden, Auburn, Girard, Green Ridge and Carlinville. Secretary Davis stated that it would probably take three days to complete the testimony and for the board to render a verdict.

Five Insurance Men Indicted.

Milwaukee, Wis., April 25.—Five officers of the Bankers' Life association of St. Paul were indicted by the federal grand jury Monday on the charge of using the mails for fraudulent purposes. The indicted are: Courtland M. Taylor, Douglas Putnam, John D. Sandborn, Charles M. Bigelow and Maurice Auerbach. The whole charge is extremely complicated, and several cases were used in getting an indictment which would cover all the points and still be of any value like reasonable shortness.

John F. Burke, attorney for the Bankers' Life association, states the complaint in this case has no merits. The men indicted will appear in court, and demand that the case be tried at the earliest possible moment.

True's Bill Likely to Pass.

Madison, Wis., April 25.—The True marriage license was advanced to third reading in the senate Monday by a vote of 19 to 10. It is practically certain to be passed this week.

The senate passed the general fish and game bill, which requires every hunter in the state to take out a license and pay \$1, and prohibits the shipment of any game out of the state unless accompanied by the owner.

Were Ready to Fight Dewey.

New York, April 25.—The Press publishes a letter written home by a German officer on the Kaiserin Augusta and published in the Hamburger Nachrichten, showing that German vessels went into Manila bay with guns all loaded, torpedo tubes filled and ships cleared for action. All the sailors were eager for and expected a fight with Dewey. The German intimates Dewey was afraid. The letter was written on June 14 and published last September.

Copper Trust Is Assured.

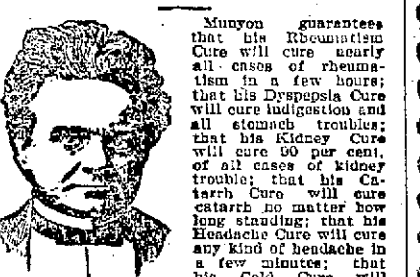

New York, April 25.—It was reported in Wall street Monday that the huge copper trust had become an accomplished fact. It was claimed that the Daly-Haggin interest—that is to say, the great Anaconda mine—had entered the trust, and that the formation of the combination would be announced next week. The Standard Oil company's immense wealth is behind this trust. The capitalization probably will be \$500,000,000.

Important Arrests Are Made.

Philadelphia, April 25.—Former United States District Attorney, Eliery P. Ingham and Samuel B. Downey, deputy internal revenue collector, were arrested Monday in connection with the Jacobs-Kendig-Taylor-Bredell counterfeiting case. The former is charged with attempted bribery and the latter with informing the alleged counterfeiters that federal officers were after them.

OPPORTUNITIES LOST.

Millions Must Know That 1900 Is Not a Leap Year.

The year 1900 will not be counted among leap years. The year is 365 days, five hours and 49 minutes long; 11 minutes are taken every year to make the year 365 1/4 days long, and every fourth year we have an extra day. This was Julius Caesar's arrangement. Where do those 11 minutes come from? They come from the future, and are paid by omitting a leap year every 100 years. But if leap year is omitted regularly every one hundredth year, in the course of 400 years it is to be found that the 11 minutes taken each year will not only have been paid back, but a whole day will have been given up. So Pope Gregory XIII., who improved on Caesar's calendar, in 1582, decreed that every centennial year divisible by four should be a leap year after all. So we borrow 11 minutes every year, more than paying our borrowers back by omitting three leap years in three centennial years, and square matters by having a leap year in the fourth century year. Pope Gregory's arrangement is so exact, and the borrowing and paying back balance so closely, that we borrow more than we pay back to the extent of one day in 3,886 years.

Public opinion published for the public good. There is no proof like home proof. Home testimony at the back of every box of Doan's Kidney Pills. Can you believe your neighbors? Read this statement made by a citizen:

Mr. E. T. Fish, of 355 Racine St., proprietor of the Fish Dry Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the Janesville Drug Co.'s store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

Men Who Wear Caps. . .

Just a few words with you about spring styles in caps.

For Golf, For Bicycle, For Every Day Wear

Those Very Loud . .

Plaids and Checks---

the kind that almost talk, but yet are so stylish. These are the ones popular this spring. They are "talkative," but pretty as they can be, and just the proper idea for any kind of outdoor wear. Greens, reds and assorted colors,

50 cents each.

Our Bicycle and Golf Suits are pretty this season. Come in and see them

The Joys of Spring . .

Have been anticipated in our new lines of foot form "Mannish" shaped Shoes for ladies. It is just now that you hear the tales of the "aching foot" as the weather begins to warm up, and you lay everything to your Shoes. And well you ought, for if a Shoe doesn't fit you your days are nothing but ones of misery.

To be stylish costs nothing extra, and our lasts are all the latest foot comfort givers.

Our Ladies' Spring Styles . .

Are "beauties", and the prices are—well we start in at \$2.00 and can show you all new ones up to \$3.50 and \$4.00 a pair.

A large variety of Misses', Children's and Little Gents' on new "Mannish" last.

SPENCER, "The Newest."

WEST TO UNITE.

Progress of the Fight for a Successor to Speaker Reed.

Washington, April 25.—Western representatives here say that their section will probably unite upon a candidate for speaker. While there are not as many candidates in the east at present as in the west, there is as much reason to expect the former section to be divided as the latter. New York, which is looked upon to furnish the eastern candidate, has two in the field. It is believed that before the assembling of the republican caucus to select the speaker Mr. Sherman will have the support of an undivided east. Western members working for harmony propose that each state shall determine its candidate. Where there are two or more, as in Illinois, the republican representatives from that state are to make the choice, the candidate receiving the largest support to be recognized as the state's representative. Then the republicans from the west are to caucus among themselves to select from the state candidates one who is to receive the support of all their votes. The impression is growing here that some such course will be adopted. The prospects of a western speaker for the next house are considered very bright.

Named by Gov. Mount.

Indianapolis, Ind., April 25.—Gov. Mount appointed as new members of the state board of education Joseph J.

Mills, president of Earlham college; William T. Scott, president of Franklin college, and Enoch G. Machan, county superintendent of La Grange county.

PROTEST OF GERMANY.

Formal Objection Has Been Made to Capt. Coghlan's Language.

Washington, April 25.—The German government has entered a formal protest against the language used by Captain Coghlan of the Raleigh at the Union League club banquet in New York last Friday night.

The protest was lodged with Secretary Hay through the German ambassador, Herr von Holleben. Secretary Hay replied that the language appeared to have been used at a dinner in a club, and so could not be regarded as an official or public utterance in the sense that would warrant the state department in acting. However, the navy department was fully competent to take such action as the case seemed to require.

With this statement the ambassador was content, for the time at least, and will doubtless await a reasonable length of time upon the navy department.

Berlin, April 25.—It is announced in a semi-official note that the United States secretary of state, Col. John Hay, has expressed to the German ambassador, Von Holleben, his strong disapproval of the conduct of Capt. Joseph B. Coghlan of the United States cruiser Raleigh.
